Submission status 

Grant

Promoting complementary pathways for people in need of protection and their further integration

Open for submission

Programme	Asylum, Migration and Integration Fund	Deadline model	single-stage
ID	AMIF-2020-AG-CALL-04	Opening date	15 October 2020
Types of action	AMIF Action Grant	Deadline date	16 February 2021 17:00:00 Brussels time

Grant

Address assistance, support and integration of third-country national victims of trafficking in human beings

Open for submission

Programme	Asylum, Migration and Integration Fund	Deadline model	single-stage
ID	AMIF-2020-AG-CALL-05	Opening date	15 October 2020
Types of action	AMIF Action Grant	Deadline date	16 February 2021 17:00:00 Brussels time

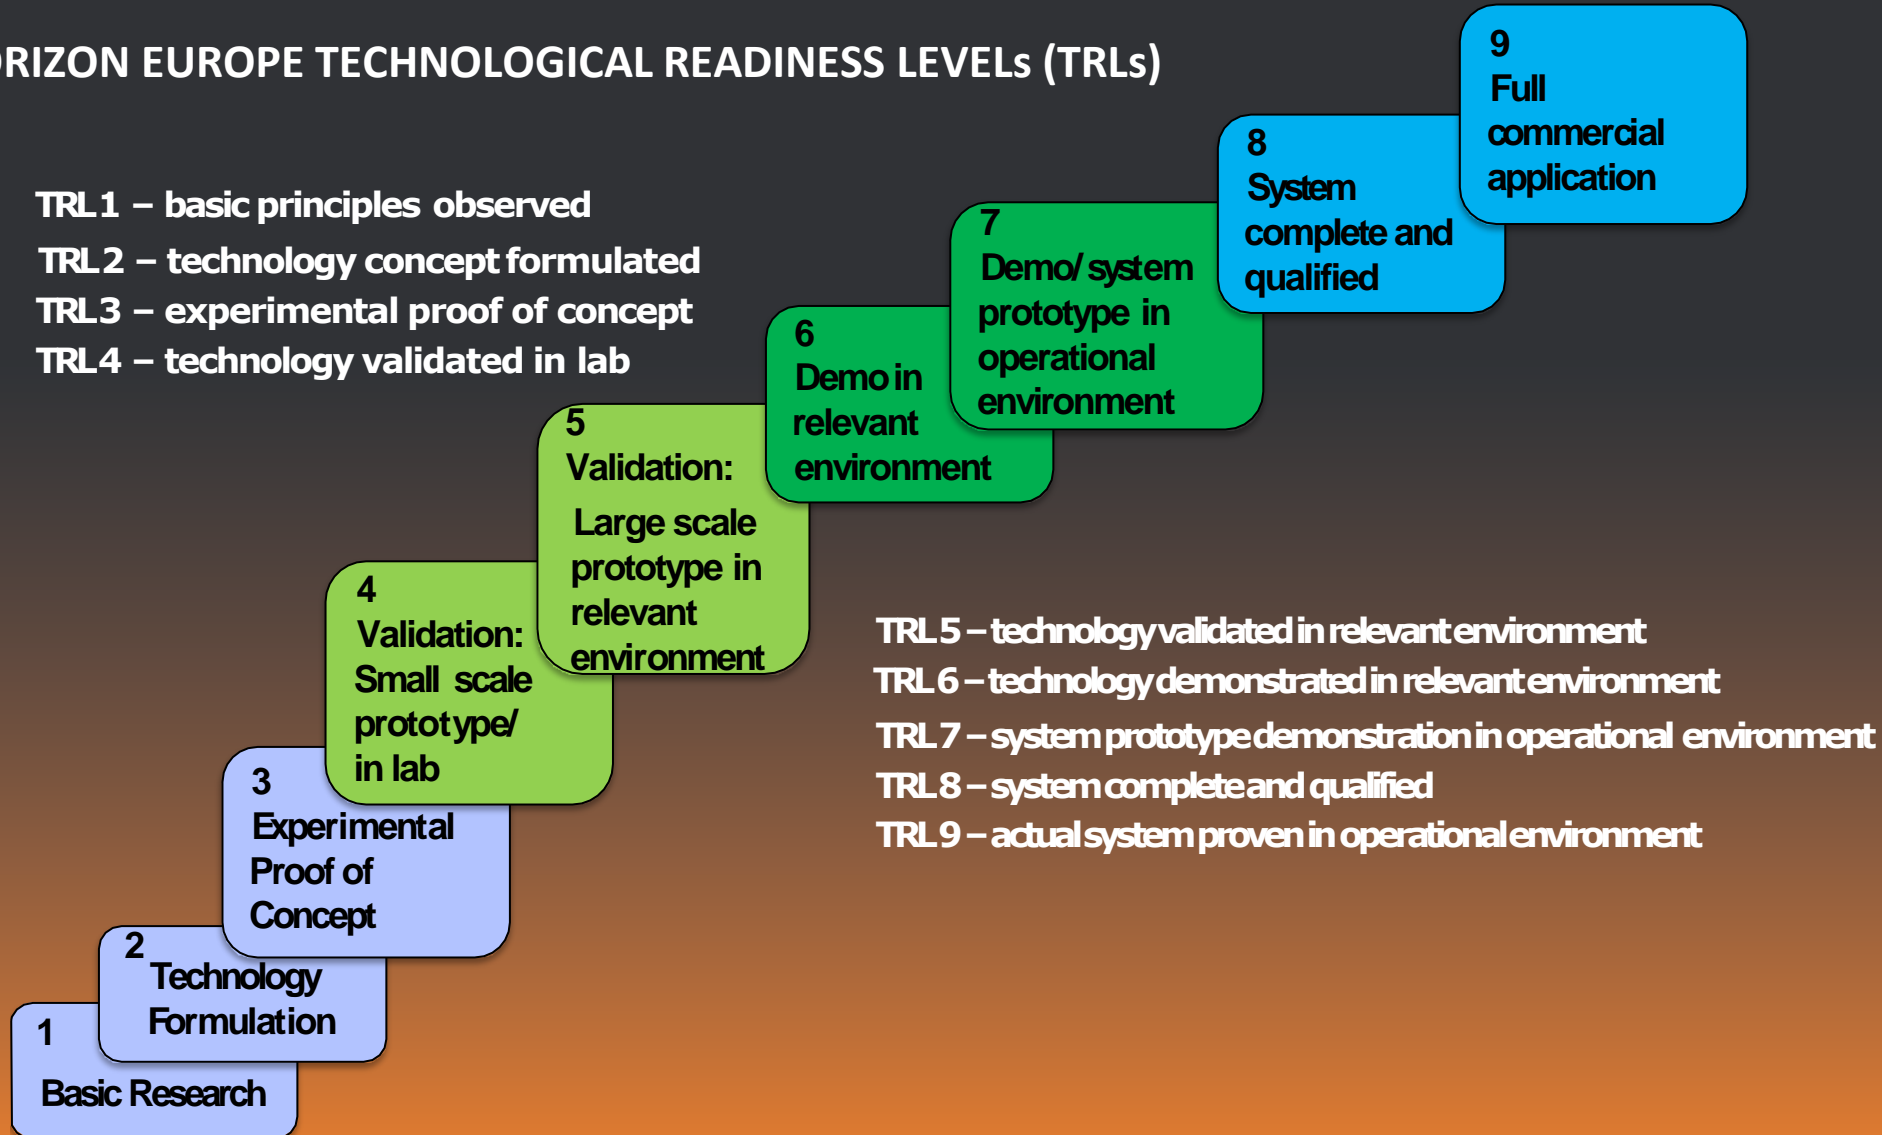

HORIZON EUROPE TECHNOLOGICAL READINESS LEVELs (TRLs)

TRL 1 – basic principles observed

TRL 2 – technology concept formulated

TRL 3 – experimental proof of concept

TRL 4 – technology validated in lab

TRL 5 – technology validated in relevant environment

TRL 6 – technology demonstrated in relevant environment

TRL 7 – system prototype demonstration in operational environment

TRL 8 – system complete and qualified

TRL 9 – actual system proven in operational environment

Interoperable Solutions for Flexibility Services Using Distributed Energy Storage

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none">- affordable, secure and sustainable renewable energy technologies and services;- ensuring cost-effective uninterrupted and affordable supply of energy to households and industries;- accelerating the development of Carbon Capture, Use and Storage;
Sub-programme	Sustainable, secure and competitive energy supply	Call goals	<ul style="list-style-type: none">- a new generation of energy management systems implemented to provide the capability of a hybrid energy storage system;- common protocol among key stakeholders that could connect different storage applications;- Validations and demonstrations of concepts that ensure privacy, liability, security and trust;- encourage European citizens and businesses to deploy storage (ease of use and interoperability are a must)
Action type	Innovation Actions		

Interoperable Solutions for Flexibility Services Using Distributed Energy Storage

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	26 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	7 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	2-3 Million
Technological readiness level	TRL 5-7 by the end of the project	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Demonstration of Innovative Forms of Storage and Their Successful Operation and Integration into Innovative Energy Systems and Grid Architectures

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none"> - affordable, secure and sustainable renewable energy technologies and services; - ensuring cost-effective uninterrupted and affordable supply of energy to households and industries; - accelerating the development of Carbon Capture, Use and Storage;
Sub-programme	Sustainable, secure and competitive energy supply	Call goals	<ul style="list-style-type: none"> - demonstration of innovative storage technologies which go beyond the state-of-the art of existing storage solutions; - increased availability, robustness and safety of sustainable and efficient choices for energy storage; - demonstrated availability and functionality of innovative energy storage systems; - demonstration of successful business cases and systems designs for energy storage integration solutions; - creation and improvement of European technological value chains; - ensuring the compatibility of systems and standards of distributed energy storage;
Action type	Innovation Actions		

Demonstration of Innovative Forms of Storage and Their Successful Operation and Integration into Innovative Energy Systems and Grid Architectures

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	26 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	30 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	7-8 Million
Technological readiness level	TRL 6-7 by the end of the project	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Demonstration of Cost-effective Advanced Biofuel Technologies Utilising Existing Industrial Plants

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none">- affordable, secure and sustainable renewable energy technologies and services;- ensuring cost-effective uninterrupted and affordable supply of energy to households and industries;- accelerating the development of Carbon Capture, Use and Storage;
Sub-programme	Sustainable, secure and competitive energy supply	Call goals	<ul style="list-style-type: none">- reduce capital and operational expenses (CAPEX and OPEX) of advanced biofuel production facilities;- de-risk technology, boost scale-up of advanced biofuels and contribute to their market up-take;- respond to short and medium term needs for renewable fuels in transport;- create win-win solutions for advanced biofuel production and conventional industrial phasing out plants;
Action type	Innovation Actions		

Demonstration of Cost-effective Advanced Biofuel Technologies Utilising Existing Industrial Plants

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	26 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	20 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	10 Million
Technological readiness level	TRL 6-7 by the end of the project	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Decarbonising industry with CCUS

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none">- affordable, secure and sustainable renewable energy technologies and services;- ensuring cost-effective uninterrupted and affordable supply of energy to households and industries;- accelerating the development of Carbon Capture, Use and Storage;
Sub-programme	Sustainable, secure and competitive energy supply	Call goals	<ul style="list-style-type: none">- successful, safe and economic demonstration of integrated-chain CCUS from relevant industrial sources will pave the way for subsequent first-of-a-kind industrial projects;
Action type	Innovation Actions		

Decarbonising industry with CCUS

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	26 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	58 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	29 Million
Technological readiness level	TRL 7-8 by the end of the project	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Building and Renovating by Exploiting Advanced Materials for Energy and Resources Efficient Management

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none">- resilient, sustainable and secure (critical) raw materials value chains;- new sustainable-by-design materials with enhanced functionalities and applications;- leadership in producing materials that provide solutions for clean, toxic/pollutant free environment;- leadership in circular economy that strengthens cross-sectorial cooperation along the value chain;- increased adoption of key digital and enabling technologies in industrial value chains and strategic sectors;
Sub-programme	A digitised, resource efficient and resilient industry	Call goals	<ul style="list-style-type: none">- reduction by at least 30% of the embodied energy and CO2 at component level;- improvement by at least 20% of insulation properties;- reduction by at least 15% of the total costs compared to existing solutions;- demonstration of at least a 5% reduction of the energy spent during the whole life cycle of a building;- increased durability and lifetime, lower maintenance costs and environmental footprint
Action type	Innovation Actions		

Building and Renovating by Exploiting Advanced Materials for Energy and Resources Efficient Management

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	30 March 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	21 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	6-7 Million
Technological readiness level	TRL 6-7 by the end of the project	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Boosting Green Economic Recovery and Open Strategic Autonomy in Strategic Digital Technologies through Pre-commercial Procurement

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none"> - resilient, sustainable and secure (critical) raw materials value chains; - new sustainable-by-design materials with enhanced functionalities and applications; - leadership in producing materials that provide solutions for clean, toxic/pollutant free environment; - leadership in circular economy that strengthens cross-sectorial cooperation along the value chain; - increased adoption of key digital and enabling technologies in industrial value chains and strategic sectors;
Sub-programme	A digitised, resource efficient and resilient industry	Call goals	<ul style="list-style-type: none"> - bring to the market new green, digital solutions that can increase Europe's resilience; - advancing public sector modernisation by capitalising on the transformational power of digital technologies; - leveraging PCP to drive innovation and increase resilience in the supply chain; - Increased opportunities for wide market uptake and economies of scale for the supply side;
Action type	Innovation Actions		

Boosting Green Economic Recovery and Open Strategic Autonomy in Strategic Digital Technologies through Pre-commercial Procurement

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	30 March 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	9 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	9 Million
Technological readiness level	TRL 6-7 by the end of the project	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Cooperation Partnerships

Programme	Erasmus +	Programme goals	<ul style="list-style-type: none">- inclusion and diversity;- environment and fight against climate change;- addressing digital transformation through development of digital readiness, resilience and capacity
Action	Key Action 2	Call goals	<ul style="list-style-type: none">- Vocational education & training- Adult education- Youth education & training

Cooperation Partnerships

Eligible countries	Program + Partner Countries	Application deadline	23 March 2022
Consortium requirements	Partnership between 3 legal entities from 3 different program countries. Lead applicant must come from a program country	Budget per applicant	EUR 400 000
Type of entities	Private and public legal entities of all types	Co-financing rate	100%

Capacity Building

Programme	Erasmus +	Programme goals	<ul style="list-style-type: none">- inclusion and diversity;- environment and fight against climate change;- addressing digital transformation through development of digital readiness, resilience and capacity
Action	Key Action 2	Call goals	<ul style="list-style-type: none">- Vocational education & training- Youth education & training

Capacity Building

Eligible countries	Program + Partner Countries	Application deadline	7 April 2022
Consortium requirements	Minimum 2 partners from partner countries; Lead applicant must come from a program country	Budget per applicant	EUR 400 000
Type of entities	NGOs, training institutions , youth/VET related organisations	Co-financing rate	80%:20%

Education for Democracy

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none">- democratic governance;- improving the accountability, transparency, effectiveness and trustworthiness of rule-of-law;- expansion of active and inclusive citizenship empowered by the safeguarding of fundamental rights;
Sub-programme	Reshaping Democracies	Call goals	<ul style="list-style-type: none">- build robust evidence base for redesigning curricula in support of democracy;- toolkits for enhancing the humanistic and civic aspects of education;- strengthened democratic processes in education through the involvement of citizens;
Action type	Research and Innovation Actions		

Education for Democracy

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	20 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	9 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	2-3 Million
Technological readiness level	/	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Call for Proposals for Action Grants to Support Transnational e-Justice Projects

Programme	Justice	Programme goals	<ul style="list-style-type: none">- support judicial cooperation in civil and criminal matters- further development of a European area of justice based on the rule of law;- strengthening democracy, rule of law, and fundamental rights;
Sub-Programme	E-Justice	Call goals	<ul style="list-style-type: none">- digitalisation of Justice;- support projects aiming at joining or enhancing existing or on-going e-Justice projects;- support the development of concrete use cases based on artificial intelligence and distributed ledger technology in the justice area;

Call for Proposals for Action Grants to Support Transnational e-Justice Projects

Eligible countries	EU Countries	Application deadline	15 March 2022
Consortium requirements	Single NGO or consortia between NGO, for profit and other organisations Lead applicant must come from a program country	Budget per applicant	EUR 75 000 - EUR 2.8 Million
Type of entities	NGOs, public and private institutions	Co-financing rate	100%

Global Governance for a World in Transition: Norms, Institutions, Actors

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none">- democratic governance;- improving the accountability, transparency, effectiveness and trustworthiness of rule-of-law;- expansion of active and inclusive citizenship empowered by the safeguarding of fundamental rights;
Sub-programme	Reshaping Democracies	Call goals	<ul style="list-style-type: none">- support the European Union's role in leading the transformation and defence of multilateralism;- identifying and analysing policy avenues for a more robust, democratic and effective global governance;- develop policy recommendations, institutional frames, toolboxes, narratives and methodologies for supporting action towards transnational democracy;
Action type	Research and Innovation Actions		

Global Governance for a World in Transition: Norms, Institutions, Actors

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	20 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	9 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	2-3 Million
Technological readiness level	/	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Artificial Intelligence, Big data and Democracy

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none"> - democratic governance; - improving the accountability, transparency, effectiveness and trustworthiness of rule-of-law; - expansion of active and inclusive citizenship empowered by the safeguarding of fundamental rights;
Sub-programme	Reshaping Democracies	Call goals	<ul style="list-style-type: none"> - protect fundamental rights and European values from possible threats stemming from unregulated use of artificial intelligence (AI) and big data applications.
Action type	Research and Innovation Actions		<ul style="list-style-type: none"> - explore the potential of AI and big data to reinforce fundamental rights and European values; - introduction of values-based frameworks to inform data governance and regulate the use of AI and big data; - innovative uses of AI and big data to enhance citizen engagement and democracy;

Artificial Intelligence, Big data and Democracy

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	20 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	9 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	2-3 Million
Technological readiness level	/	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Integration of Social Innovation Actors in Innovation Ecosystems

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none"> - interconnected, inclusive and more efficient innovation ecosystems across Europe; - new, less well-represented stakeholders and less advanced in innovation territories, to set, undertake, and achieve collective ambitions towards challenges for the benefit of the society;
Sub-programme	Interconnected Innovation Ecosystems	Call goals	<ul style="list-style-type: none"> - active participation of social innovation actors in innovation ecosystems; - wider access to alternative means of financing social innovations achieved by promoting its impact and mobilising a broad range of partners; - tested innovation models with potential of scaling up and replicability;
Action type	Coordination & Support Actions		

Integration of Social Innovation Actors in Innovation Ecosystems

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	26 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	3 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	0.5 Million
Technological readiness level	/	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Towards more Inclusive Networks and Initiatives in European Innovation Ecosystems

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none"> - interconnected, inclusive and more efficient innovation ecosystems across Europe; - new, less well-represented stakeholders and less advanced in innovation territories, to set, undertake, and achieve collective ambitions towards challenges for the benefit of the society;
Sub-programme	Interconnected Innovation Ecosystems	Call goals	<ul style="list-style-type: none"> - increased inclusiveness by enlarging the participation of more diverse innovation actors and broaden the participation among EU and Associated Countries territories - reduce the innovation divide in Europe and reinforce the innovation aspect of the European Research Area in the areas of inclusiveness and connectivity; - improving the innovation capacities of Member States and Associated Countries and enabling them to engage in joint efforts for sustainable growth and economic development;
Action type	Coordination & Support Actions		

Towards more Inclusive Networks and Initiatives in European Innovation Ecosystems

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	26 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	4 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	0.5 Million
Technological readiness level	/	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%

Expanding Investment Ecosystems

Programme	Horizon Europe	Sub-programme goals	<ul style="list-style-type: none">- enhanced network connectivity within innovation ecosystems by reinforcing their capacity to support existing and emerging innovators and companies;- strengthened and expanded cooperation between innovation ecosystems worldwide;- more inclusive and gender equal innovation ecosystems;
Sub-programme	Elevating the Scalability Potential of European Business	Call goals	<ul style="list-style-type: none">- increased access to capital and investments in less connected innovation ecosystems;- increased venture investments and enabled late-stage growth of local start-ups in less connected and developing innovation ecosystems;- Facilitated investors' access to the flow of local deals;- Improved investors' knowledge on regulatory frameworks and networks to support joint cross-border ventures in new markets;
Action type	Coordination & Support Actions		

Expanding Investment Ecosystems

Eligible countries	EU Member States, Associated Countries, Developing Countries	Application deadline	26 April 2022
Consortium requirements	Partnership between 3 legal entities from 3 different countries. Lead applicant must come from an EU country	Total budget	5 Million
Type of entities	Private and public legal entities of all types	Budget per applicant	1 Million
Technological readiness level	/	Co-financing rate	For profit entities: 70%:30% Non for profit entities: 100%
