

WHY THE HAGUE?

REASONS FOR MAKING THE HAGUE YOUR EUROPEAN LOCATION:

The Hague is the International City of Peace and Justice where tens of thousands of people are working together every day for a better, safer and more just world.

The Hague uniquely positions itself as Impact City, based on the conviction that economic success and social impact can go hand in hand.

Its mottos are
“doing good and doing business”
and “innovating for a better world”.

Talented, well-educated multilingual workforce: the Netherlands has the highest percentage of English speakers of any nation outside the Anglo-Saxon countries.

Campus @ Sea: Innovation ecosystem for anything to do with the sea. Office space and labs in Scheveningen harbor, with testing grounds for pilot projects off the coast make The Hague's seaside district a breeding ground for collaborations between academia, government and businesses.

Lower office rents compared to major European cities.

The Hague is the seat of the Dutch government, numerous EU and UN agencies and knowledge institutions. The presence of over 300 NGOs and international organizations means that potential partnerships are only a step away.

11 kilometers of sandy beaches, a historic city center, vast green areas and a high number of international schools make for an excellent quality of life.

A number co-working spaces with access to communities of innovators, labs, events and masterclasses. The Hague was recently named one of the 5 fastest-growing tech hubs in Europe.

Gateway to European single market of 500 million people, with major international airport (Amsterdam Schiphol) and Port of Rotterdam only 30 minutes away. Germany, Brussels and Paris easily accessed by train in a few hours.

AT THE HAGUE BUSINESS AGENCY WE OFFER FREE SERVICES TO ORGANIZATIONS INTERESTED IN EXPLORING THE HAGUE AS AN OFFICE LOCATION, INCLUDING:

organizing fact finding trips
(currently these can be arranged virtually).

advising on topics such as
incorporation, taxation, HR & payroll.
